POLITICAL ANNOUNCEMENTS

For State Representative.

I hereby announce myself a candidate for renomination to the office of State Representative in the republican primary, April 20th, 1920.

I invite a close examination of my record from the 37th Session. If elected I shall be faithful to the trust thus reposed in me.

WALTER SANDQUIST,
 Walthill, Nebr.

For State Senator.

The undersigned is a candidate for State Senator from the Sixth district and respectfully requests the consideration of the voters in the republican primaries, April 20, 1920.

JOHN G. GANNON.

Ernest M. Pollard
For Governor

Ernest M. Pollard, Republican candidate for Governor in the primary, April 20th, was born in Nebraska fifty-one years ago. He owns and operates the farm homesteaded by his father, Isaac Pollard, at Nehawka, Cass County, in 1856.

After graduating from the State University, the voters of Cass County elected him a member of two sessions of the State Legislature. Later, the voters of the First Congressional District sent him to Congress for two terms. At present he is a member of the State Constitutional Convention, and has shown himself to be progressive, sincere and level-headed.

While in the United States Congress he was a member of the Agricultural Committee of that body and brought to the farmers of Nebraska, through the State Experimental Station, the serum treatment for the control of hog cholera which has practically wiped out this plague.

As Governor, he will represent no class. He will vigorously enforce all the laws and will insure to all the people, whether rich or poor, every personal and property right guaranteed by the Constitution.

He is a successful farmer and will give the state a business administration. His nomination will mean certain victory for the Republican party in the November election.

BOND TRANSACTIONS

***VERY UNSATISFACTORY**

County Clerk J. S. Bacon received the following communication from the attorney general's office, warning municipalities and school districts to "use their heads" in making bond issues or transactions:

STATE OF NEBRASKA
DEPARTMENT OF JUSTICE
 To All County Clerks and All Interested Persons:

The attention of this office has been called recently to certain bond transactions in this state, which have been very unsatisfactory to the municipalities and school districts voting such bonds. Inasmuch as there will be confusion and innocent persons may be defrauded and the reputation of Nebraska bonds may be injured if great care is not used in the issuance and sale of bonds in this state, this office deems it advisable to make the following suggestions:

First. Counties, municipalities or school districts voting bonds should see to it that the record or history of their bond issue be made up by their officers, by a duly authorized agent or an attorney representing such district or municipality and representing no other person, persons or corporation.

Second. That upon entering into a contract with any person or corporation for the sale of such bonds it would be advisable in the case of a foreign corporation or non-resident of this state, to require such person or corporation to deposit in a local bank the sum required under the contract for the purchase of such bonds, the bond transaction to be completed at the local bank where the money and bonds are to be deposited in escrow, subject to the terms of the contract.

Third. Be certain of the bidder's financial responsibility and his right to do business in this state, and keep the bonds in the state until the bidder performs his contract.

We also suggest that county clerks give this matter publicity in the local papers, and that this letter, copies thereof, or the newspaper publication of same, be kept posted, so that the public may be fully advised in the premises.

Yours very truly,

CLARENCE A. DAVIS,
 Attorney General.

By C. I. Dort, Assistant Attorney General.

Lutheran Church Notes

By Rev C. R. Lowe.

The young people will meet at the home of Mrs. Elmer Blessing next Saturday night. On account of sickness in the home of Mr. Fred Culbertson, the meet was at Mr. Chas. Beermann, but the eats were the favor of Mr. and Mrs. Culbertson. We were all sorry we did not get to the home of Mr. Culbertson.

The pastor will be absent from the parish several days this week as a member of the team which visits Cedar, Pierce, Dixon, and Dakota counties under the auspices of the Inter-Church World movement. The date for the Dakota meeting is Friday, April 9, at the Methodist church. It will be well worth your while if you can spend all or part of the day at the service on Friday.

The service of the church last Sunday was a pleasure. The young folks rendered some good music, that was a pleasure to them and to the congregation.

The pastor rejoiced at the opportunity to speak the gospel and magnify the story of the resurrection. The congregation had pleasure in their presence and worship. A good part of the pleasure of the day was that it was Easter and we wanted to go to the church. We brought a glad heart with us, and we enjoyed the worship. What a wonderful thing it would be if we could always have the same spirit. We had a good attendance. If we could always have the same spirit, there would come soon to be still better attendance. We would be glad and others would learn to be. That is why we had some music from some of the older folks. Mrs. C. C. Beermann sang a solo, and Mr. Leamer, Mrs. Beermann and Mr. and Mrs. Herman Ebel furnished a quartet selection. When our heart is glad we will sing. If it is not a song, it will be something else for the church. A glad heart brings forth many kinds of service. Ruby Lovig, Dorothy Leamer, and Frances and Louise Lowe sang us a joyous Easter song, and they were as glad as any of us. It is all in the state of the mind and heart. If we are glad we will like to work at something in the kingdom. If we are truly thankful for the gifts of God, we will be willing to return some service to the Master. There are a lot of things by which we can judge our own spirit toward God. This is one of them.

I presume you are all more or less aware of the change in the benevolence program of the United Lutheran church. We have given up the old system and have started to use what has been thought to be a more equitable plan. These plans, like the matter of taxes, cannot be made perfect. We used to apportion the communicant members. That meant that some of the pastors reported as communicants the number on which they could pay apportionment, and all the rest were listed as confirmed. It is a little hard to get at what is the confirmed membership list. However, it has been felt for a long time that there ought to be some way to even up the assessed benevolence of the different congregations, since a good number of pastors counted their communicants with better judgment. The general body laid the assessment for the general work at so much a member. That is changed, now. The budget is the going plan. We have wanted it in the national affairs, business men have long thought it the best plan. The church has taken it up. Now, the general body makes a quota for the various synods, the synods raise the quota in any way they see fit, and by any method they wish. In the Nebraska synod last fall it was voted to strike an average between the communicants and the confirmed lists and use that for the basis of reckoning. Right away there was objection on the part of some that they had so many in the confirmed list that they would have to pay benevolence for. One of the new men in the synod arose and said there were some who increased their confirmed list because they had not been able to pay on them all, and he was glad of a chance to "smoke 'em out." That did the business, and the matter went through almost unanimously. The opposition did not attempt to vote.

But what effect had that on our congregation—that is the thing we are interested in. When we tell that you can all see for yourself in which of the above classes of pastors yours is in. It cannot be hid. Last year our synod paid \$18,918 benevolence,

this year the quota is \$19,971, an increase of nearly 43½ per cent. Last year Salem and Dakota City paid \$266, this year our quota is \$303, an increase of nearly 14 per cent. An increase of only \$37 over last year. So you see we are not effected anything like the regular percentage. The quota is put up to the pastorate rather than to the individual congregations. Now, some of you will wonder what I have meant by saying our quota is \$513 for this year. It is this: I have spoken to you of the laymen interested in the church, that they are a part of it, and they are furnishing the money to make it go, and in true business style they want it to go as well as possible. They have said, "We will undertake to double the benevolence for the general work of the church." That is not an assessed benevolence, it is only the goal. That will make our synodical benevolence \$33,818, almost 250 per cent of what was paid last year, and if we pay the full quota our increase will be but a trifle over 190 per cent instead of 250 per cent of what we paid last year.

I see I have figured on the quota of last year, but we paid over 37 per cent excess last year, and if we would figure the increase for this year over what we paid last year, our percentages of increase would be still smaller. I am not trying to

show that we are not having to pay as much increase as others, only showing how the new system affects us this year. This is all of interest to the congregations.

Now, the point is, that we ought to see our opportunity over some others it may be to pay our full quota of \$513. We have never paid more than we could afford. The thirty-seven per cent is small compared to the increase in other things. We ought to be interested in the work of the church to that extent, and we are. A lot of work had come to us because of war conditions and the only way to do it is to get under it and do it. If the church is to prosper it will have to branch out. The world needs this. We need the church in the world now more than we ever did if a thing like that can be said. This is a crucial time, and the church must measure up to the occasion. It is going to do so, and so is Salem and Emmanuel congregations.

A Farmer Boy—

and

A World Leader

NEBRASKA HAS BOTH in John J. Pershing, this state's own candidate for the Presidency.

A FARMER BOY who was born in a small Middle Western community; who spent ten years at the Missouri and Nebraska universities; who has made his home in this state for years!

A WORLD LEADER who cleaned up the most turbulent island in the Philippines; who led his company to victory up San Juan hill; who beat the diplomats of Europe at their own game; who ended a world war three years before the most optimistic European experts had hoped!

WHAT OTHER CANDIDATE is so well fitted to understand and fulfill the needs of the Middle West?

WHAT OTHER CANDIDATE is so well equipped to guide America out of the maze of European complications which remain as our heritage from the world war?

Could Nebraska offer the nation only Pershing, the farmer boy and splendid Nebraska citizen, it would have enough.

Could Nebraska offer only Pershing, the world leader, it would have exceeded the hopes of any other state.

BUT NEBRASKA CAN OFFER MORE. IT CAN OFFER PERSHING, THE FARMER BOY WHO BECAME A WORLD LEADER—THE FARMER BOY WHO LED THE AMERICAN ARMY TO VICTORY IN THE GREATEST OF WARS—THE FARMER BOY WHO IS FITTED, BETTER THAN ANY OTHER AMERICAN CITIZEN, TO BE THE NEXT PRESIDENT OF THE UNITED STATES.

NEBRASKA IS GOING TO MAKE THAT OFFER APRIL 20. DO YOUR PART BY GOING TO THE POLLS ON THAT DATE AND HELPING LIFE UP THE BIGGEST MAJORITY ON RECORD FOR—

PERSHING OF NEBRASKA For President
